

# Worthy

Week 2

*My Precious Place*

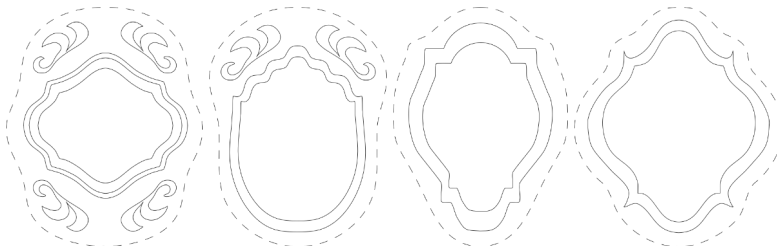

Welcome to week 2 of Worthy, a project by NBAM.

This week we are going to take some time to think about a location or a place which has great significance to you. In the past year we have not been able to go anywhere - where is the place you would go?

The locations that are chosen for our current banknotes are of society significance and can be seen on the left hand side of the note as seen below. On a £20 note, Margate Lighthouse is seen in gold against a blue and transparent background, inside what appears to be a window-like shape.

## Thinking about your precious place

We'd love to hear about your precious place – a place of significance to you. A place that brings about positive feelings of hope, joy, love, attachment to our families and friends or somewhere you feel free and at ease. It can be a place which you have visited on regular occasions, only once or even a place which is made up but makes you feel joyful and safe.

*\*Larger versions of these shapes are provided in this pack to be able to cut out and put your precious place inside.*

## Suggestions for getting started

- ✂ Have a draft go at depicting your location on a scrap piece of paper.
- ✂ Cut out the shapes and use them as templates to do a draft version and ensure your place will fit within inside the shapes provided.
- ✂ Use the blank card to do a rectangular version.
- ✂ Use the paper and glue to do a collage version.

## Get Creative

- ✂ This is your precious place and it is your art so you can depict it how you wish in any style.
- ✂ It does not have to look exactly like the place you have in mind – maybe think about the things you heard, smelt and how you felt while you were there. These could be incorporated into your final image.
- ✂ It does not need to be realistic in colour, shape or scale unless you want it to be like that.
- ✂ We've supplied a pritt stick and coloured paper to enable you to do a collage of your place as well – we'd love to see how your place looks like in a collage – maybe you could add images cut from newspapers or magazines, postcards or old photos which make sense to you to bring your collage of the place to life.

*\*If you'd like to send us in a photo of the actual place, please do. You can email the photos or send them to us with your art, and we will ensure all photos we receive are returned. Please leave your name so we know who to return them to. If you don't want to send photos in the post we can also look at these groups later in the year when we can meet up.  
\*Please remember to post back to us your art work using the prepaid envelope provided.*

# Worthy

## My Precious Place

Tell us about why this place is special to you?

Where is it?

Why do you love it?

How does it make you feel?

Why not share with us a memory of this place so we can imagine it further.
